

TRAINING CENTER ANNOUNCEMENTS: Last Update: July 11, 2020

COVID-19 FACE MASK GUIDELINES

Instructors & Participants are required to report to the AHA Course with a face mask where locations mandate face masks.

1. Instructors do NOT have to keep the face mask on while giving the presentation, if maintaining a social distance (6ft).
2. Participants do NOT have to keep the face mask on during the course, if maintaining a social distance (6ft).
3. Instructors & participants are required to use face mask during breaks and exiting the classroom.

NOTE: If a participant does not wish to give breaths during the CPR course, they must state: "breath, breath" (IE 30 Compressions: breath, breath)

Face Mask Exceptions per government:

- Children 5 and younger;
- Anyone with a disability that makes wearing a mask unsafe;
- Anyone hearing impaired or communicating with the hearing impaired where seeing mouth movement is necessary;
- Anyone whose work has been deemed by a state or federal regulator to be incompatible with mask wearing;
- Anyone actively eating or drinking;
- Anyone receiving temporary service that demands the mask be removed for the service;
- Anyone who needs to temporarily remove a mask for identification purposes;
- Anyone giving a speech to an audience and is maintaining a safe distance;
- Anyone in a body of water;
- Anyone working out in a gym who is already practicing social distancing;
- Anyone doing work in which they're federally prohibited from wearing a facial covering

AHA National Center COVID-19 Guidelines:

COVID-19 Training Memo. NOTE: These guidelines issued by National Center will stay in effect until further notice.

Nationwide Curfew Guidelines:

Instructors are required adjust course schedules for county/city curfews.
